

TCJIUG
Texas Criminal Justice Information Users' Group
PO Box 684096 Austin, TX 78768

We are writing to you as a friend and supporter of Texas Criminal Justice Information Users' Group to ask for assistance for our upcoming conference being held April 27th - May 1st, 2015 in Corpus Christi, Texas.

Our annual conference is an event that brings law enforcement organizations, communications and information systems personnel together to improve the justice system throughout the state while fostering working relationships and promoting the education of its memberships.

We have grown over the years, and anticipate the attendance of at least 150 attendees from all over the State of Texas. Our priority, indeed the reason for our existence as an organization, is to help with the education of our members.

Your firm's presence at the conference is of great benefit to the organization and its members. TCJIUG is especially proud to be able to keep our conference fees of \$350.00 as one of the lowest available compared to other similar organizations. Vendors registered for the conference will be given opportunity to provide a short presentation of their company and products.

Join our organization by sponsoring a refreshment break, breakfast, luncheon, hospitality room, reception, or evening entertainment. In appreciation for your sponsorship your firm's name and logo will be featured at the service table and your sponsorship will be publicly acknowledged at all appropriate opportunities. Representatives from your organization are also welcome at any of the TCJIUG activities, which provides your team with a unique opportunity to interact one-on-one with the membership at large in a casual setting separate from the vendor exhibition tables.

Please complete the enclosed application and return it to the below address prior to March 1st, 2015. The sponsorship funds are due by April 10th, 2015.

TCJIUG
Texas Criminal Justice Information Users' Group
P. O. Box 684096 Austin, TX 78768

A statewide organization of law enforcement, communications and information systems personnel working to improve the criminal justice system throughout the state, to improve working relationships and to promote the education of its membership.

The Texas Criminal Justice Information User's Group (TCJIUG) is a nonprofit (501 C.3), apolitical organization governed by bylaws initially adopted in January 1974 and incorporated in 1977. Due to technological advancement, funding changes and membership diversification, the general focus of TCJIUG has changed over the years, but the basic objectives of the organization have remained constant:

- Placing emphasis on delivery of information, education and training to organization members.
- Progressively moving the organization forward to serve the needs of the membership and the Criminal Justice sector.
- Exploring methods of applying technology to industry needs and making technology solutions more readily and economically available to users
- Exploring every method possible to cut costs and maintain a responsible economic approach to activities without sacrificing quality.
- Maintaining good working relationships with State and Federal agencies and promoting new relationships with other criminal justice organizations.

TCJIUG members consist mainly of operational, management and political levels of law enforcement, communications and information systems personnel, with members from related fields in associate membership roles.

Your *membership* in TCJIUG provides you and your agency the benefits of input into the formation of policy matters arising out of new legislation; quality education and training at low cost and networking opportunities among peers from across the state.
